

# Technology Commercialization Minor Checklist

## 2021-22 Catalog

Name: \_\_\_\_\_ NSHE ID#: \_\_\_\_\_

Current Major \_\_\_\_\_

### REQUIRED COURSES: 19-20 Credits

Course	Semester	Credits	Grade
EGG 101 or FYS		1	
ECON 102 OR 190		3	
COM 101 OR 216		3	
CEE 307		3	
EGG 460		3	
MGT 493 OR 497		3	
CEE 498 or CS 472 or CS 495/496 or EE 497/498 or EED 497/498 or ME 497/498		3 to 4	

### Minor Description:

This minor is intended for all undergraduate students within the College of Engineering. The purpose of this minor is to inspire, mentor, and foster future business leaders and innovators who have the potential to shape the future of technology and technological innovation on a global scale. The curriculum consists of material covering economic and business principles as they relate to prototyping, product creation, and commercialization of products. The minor is intended to expose engineering and computer science majors to elements of technology commercialization, with the relevant aspects of both entrepreneurship and commercialization of innovative products and ideas within established enterprises. This program is designed to prepare the student to have a basic education and understanding in what is required to start a business based on an innovative concept or technology they have developed. A significant component of this minor is its coupling with the senior design experience and participation in a business plan competition within final year curriculum.

### IMPORTANT NOTES:

Per UNLV catalog, students are solely responsible for knowing and completing their degree requirements
A minimum grade of "C" is required in all minor courses. Students are expected to follow the course prerequisites outlined in the UNLV 2021-22 Undergraduate Catalog.
2.00 or higher UNLV GPA is required for graduation
